RACE CAR BODIES & ACCESSORIES

ABOUT OUR COMPANY

Five Star Race Car Bodies, a division of Five Star Fabricating, Inc. was formed by Carl Schultz and Fran Prestay in the late 1970s in Twin Lakes, Wisconsin. It began as a side job for the two in response to a need for innovative sheet metal products in the stock car racing industry. Fran owned an auto service shop across from Carl's local plumbing and heating business, and after a rough night at the local short track, Fran asked Carl to produce a set of sheet metal fenders for his car since finding stock parts in the salvage yard was difficult and time consuming.

The new fenders were a hit with other racers, who wanted them for their own cars. Seeing an opportunity and eager to accept a challenge, Carl and Fran began producing components for the 1979 Camaro. Word of mouth and a small ad in Stock Car Racing magazine led to a tremendous response from racers across the country.

From that '79 Camaro body, the product line quickly diversified and expanded to include tough and durable thermoformed polypropylene, light weight hand-laid fiberglass and advanced composite race car body components, moving Five Star to the forefront of the industry. We are experts in manufacturing large, complex composite body panels that require both structural integrity and aesthetic quality.

After becoming an industry leader in formed windows from existing branded polycarbonate, our engineers devised improvements in material composition and coatings which led to the development of our own superior line of polycarbonate. Five Star premium racing windows are the #1 windows used in all motorsports, creating new standards in toughness, durability and weather resistance.

Five Star has been privately owned by the Schultz family since 2010. We lead the industry in manufacturing with over 125 employees and 200,000 square feet of floor space dedicated to the design, manufacture, and distribution of body panels, windows and accessories.

Our multi-unit facility is on the leading edge of technology, production capability and logistics. We are ready to put our experience and expertise to work for you.

Five Star Bodies designs and manufactures composite, plastic and polycarbonate parts for NASCAR, Circle Track, Drag Race, Road Race, Off Road applications and much more!

Five Star continues to be dedicated to innovation. As we accept large, more advanced projects and emerge into new markets and industries, we will continue to maintain our deep roots in auto racing, putting our experience and expertise to work for you, our valued customers, by providing durable, high quality parts for years to come!

QUALITY & SERVICE

This award of ISO 9001:2008 was issued after a diligent 18 month process of assessing and enhancing manufacturing, quality processes and procedures. Systems were audited for compliance by an external, accredited organization. In order to maintain its certification, Five Star is committed to review and continually improve its processes through follow-up audits.

This certification is an important step in assuring that customers continue to receive the very best in quality and service from Five Star Fabricating, Inc. and Five Star Coatings Group, Inc.

WHAT DOES ISO CERTIFICATION MEAN TO OUR CUSTOMERS?

The renowned ISO 9001:2008 certification means the organization has developed a quality management system and has demonstrated its commitment to enhancing customer satisfaction with processes for continual improvement and the assurance of conformity to customer, statutory and regulatory requirements.

- › Commitment from Top Management
- › Human Resources
- › Best in Class Customer Satisfaction
- › Original Design and Development
- › Best Purchasing Practices
- › Efficient Production Processes
- › Control of Customer Property
- › Inspection Processes
- › Facility Maintenance
- › Internal Audits
- › Corrective and Preventive Action

OUR QUALITY POLICY

“Five Star is committed to total customer satisfaction by supplying consistent high quality, best in class products at competitive prices.”

ADVANCED BODY TECHNOLOGY

WHAT THIS MEANS TO YOU...

The term “Advanced Body Technology” is a big statement we use to assure that our customers are provided with **BEST-IN-CLASS BODIES.**

Our original products are developed with these 5-steps to keep Five Star at the forefront of quality and performance.

1) CUTTING EDGE AERO DESIGNS

Aerodynamically engineered designs using the latest processes such as CFD and Wind Tunnel testing by qualified engineers. All of our bodies are designed with maximum downforce and peak front to rear aero balance!

2) INNOVATION

STATE OF THE ART MATERIALS AND PROCESSES:

We NEVER sit still! We continually seek performance gains by researching and developing new materials and manufacturing processes.

ORIGINAL DESIGNS: Our 9 member Product Development Team monitors the continual improvement of original new products, processes and ideas.

3) REPEATABLE FIT

Replacement parts that fit the same, every time assure that our bodies are the EASIEST TO INSTALL and maintain.

4) TESTED TOUGH

As you can see from several of our You Tube videos, a vital part of our R&D process includes various series of highly destructive tests to gauge optimal performance of our parts. **NOBODY MAKES STRONGER PARTS.** “Spend more time racing and less money replacing!”

5) ULTRA LIGHT

Cutting weight without sacrificing strength and durability. We strive for the lightest allowable weight in all markets we serve. We specialize in race car body weight reduction without aero deflection or adding unnecessary cost.

THE PROVEN INDUSTRY LEADER IN RACE CAR BODY TECHNOLOGY

ABOUT OUR PREMIUM BODY MATERIALS

#1

ULTRAGLASS COMPOSITES

NOT THE SAME OLD SCHOOL FIBERGLASS
OTHER BODY COMPANIES OFFER

FIBERGLASS REDEFINED

THIS EXCLUSIVE COMPOSITE BLEND USES SPECIAL FABRICS AND LAMINATING PROCESSES DEVELOPED BY AND ONLY AVAILABLE FROM FIVE STAR!

ULTRA-TOUGH

- ▶ Unmatched impact resistance, no other composite is stronger! Panels that deflect 300% further before breaking = less debris on the race track and less time in the pits!

ULTRA-LIGHT

- ▶ Over 30% lighter than standard hand-laid composites
- ▶ Parts made to under 5% target weight tolerance

ULTRA-FAST

- ▶ Zero surface deflection at all racing speeds

ULTRA-SMOOTH

- ▶ All panels are made with a smooth inner surface (LMSC panels dyed black to eliminate painting), are buffed to an excellent surface finish and wrapped for ultimate protection!

ULTRA-GREEN

- ▶ 93% reduction in harmful emissions during the manufacturing process. All parts are manufactured in our clean EPA environmentally compliant facility.

IF YOU ARE TIRED OF REPLACING BODY PANELS OVER & OVER,
PERHAPS IT'S TIME TO SWITCH TO FIVE STAR ULTRAGLASS!

ABOUT OUR PREMIUM BODY MATERIALS

#2

ADVANCED COMPOSITES

THE LIGHTEST AND STRONGEST BODY PANELS ON THE MARKET WITHOUT COMPROMISING RIGIDITY!

EXCLUSIVE LAMINATE BLEND

ADVANCED COMPOSITES BLENDS ARE MADE WITH THE SAME MANUFACTURING PROCESSES AS CARBON FIBER FOR SIMILAR PERFORMANCE, WITHOUT THE ADDED COSTS!

PRECISION WEIGHT CONTROL

- Up to 47% weight savings over standard fiberglass composite panels!
- Parts made within a 5% target weight tolerance

STRONG

- Tremendous shear (tear) resistance
- Zero surface deflection at high speeds

FLAWLESS FINISH

- All panels are made with a smooth inner surface
- Buffed to an excellent surface finish and wrapped for ultimate protection!

ULTRA-GREEN

- 93% reduction in harmful emissions during the manufacturing process. All parts are manufactured in our clean EPA environmentally compliant facility.

DON'T BE FOOLED!

OTHERS MAKE FALSE CLAIMS ABOUT THEIR "LITE WEIGHT" HOODS & ROOFS

- THESE ARE CHEAP IMITATIONS AND ARE NOT EVEN CLOSE TO WHAT WE OFFER!
They try to mimic the fabrics we use, but they don't understand the entire manufacturing process which makes our parts the best!
- SOME WILL SIMPLY REDUCE THE AMOUNT OF MATERIAL used which results in a flimsy part. They will not retain their shape at high race speeds and will require additional bracing that adds additional weight to the installation.

THE QUALITY, PERFORMANCE AND DURABILITY YOU REQUIRE,
THAT NO OTHER BODY COMPANY CAN OFFER!

ABOUT OUR PREMIUM BODY MATERIALS

#3

HIGH-IMPACT MOLDED PLASTICS

UNSURPASSED IMPACT RESISTANCE & DURABILITY!

EXCLUSIVE PLASTIC MATERIALS

- Five Star uses our own state-of-the-art proprietary blend of plastic material that is **ULTRA-DURABLE, LIGHT WEIGHT** and holds up in the toughest racing conditions
- Engineered high elongation provides superior flexibility while maintaining structural integrity

UNIQUE FORMING PROCESSES

- Parts are formed using state-of-the-art computer automated thermoforming machines with temperature controlled cast aluminum tooling to assure superior shape consistency

CONSISTENT WEIGHT

- Parts made to under 5% target weight tolerance

NOTE: USE FIVE STAR PLASTIC PRIMER BEFORE PAINTING

Our Five Star brand Plastic Primer is specifically engineered for the special plastic materials we use. Other automotive grade primers on the market may not work at all.

THIS FEATURED PLASTIC IS USED IN THE MD3 BRAND.
THE PROVEN BEST BODY PANELS IN ALL DIRT RACING!

ABOUT OUR PREMIUM BODY MATERIALS

#4 POLYCARBONATE WINDOWS

USING OUR EXCLUSIVE OPTICAL GRADE MATERIALS THAT NOBODY ELSE CAN OFFER!

WE CAN CUSTOM FORM!!

- ▶ We offer in-house design and mold building for the windows you need
- ▶ CNC pattern cutting
- ▶ We can form windows from factory glass for limited quantity orders
- ▶ We can meet all of your other polycarbonate/acrylic needs - not only racing windows!
- ▶ Call Five Star Customer Service to get a quote on your custom project!

BENEFITS OF POLYCARBONATE

- ▶ Significant weight savings compared to glass!
- ▶ Enhances driver safety
- ▶ Can be formed into multiple shapes or styles

THE BEST OPTICAL CLARITY!

- ▶ We only use the highest Optical Grade Polycarbonate developed exclusively by, and only available from Five Star!
- ▶ Our material shall not be confused with the lesser optical and hard coating grade LEXAN Brand

FORMING/TRIMMING PROCESSES

- ▶ We invented our own forming process, which assures you superior optics and perfect fit!
- ▶ Computer controlled CNC routing ensures a perfect drop-in fit, every-time!

OUR HARD COATINGS

- ▶ Our world-renowned high tech coating process provides the highest abrasion and chemical resistance for unsurpassed durability and improved product life!
- ▶ Permanent anti-fog coating is included at no additional cost!
- ▶ Flexible coating is applied before molding which allows for rolling up to save on shipping costs

2019 LATE MODEL BODY

The all new GREENHOUSE STYLE BODY is very easy to mount! The 2-piece roof configuration is 3" wider to allow for better driver access and provides room for a wider roll cage! Designed to run side by side with the current 2004 ABC body, AERODYNAMICALLY EQUAL!

MODERN STYLE & DESIGN

- » Designed to run side by side with the current 2004 ABC Body, aerodynamically equal
- » Styling based on the NASCAR Cup Series Body
- » Common body uses (3) different noses for brand identity
- » Lower air dam on nose molded in for correct aero equality
- » Added fender clearance for increased suspension travel

EASY TO INSTALL

- » Cowl Panel built into front greenhouse for ease of installation
- » Fenders can be mounted over or under the doors
- » Increased engine clearance

BUILT FOR DRIVER SAFETY

- » Flame retardant resin used in Ultraglass 2-piece greenhouse
- » 3" Wider 2-piece greenhouse allows for better driver access and a wider roll cage

The ABC Body program was established with the sole intent of controlling the shape of the late model body in order to provide an even playing field for all competitors. This body was designed with the full intent of the program in mind.

“Great appearance and detail.” -- BEN ROWE

ABC GREENHOUSE STYLE BODY

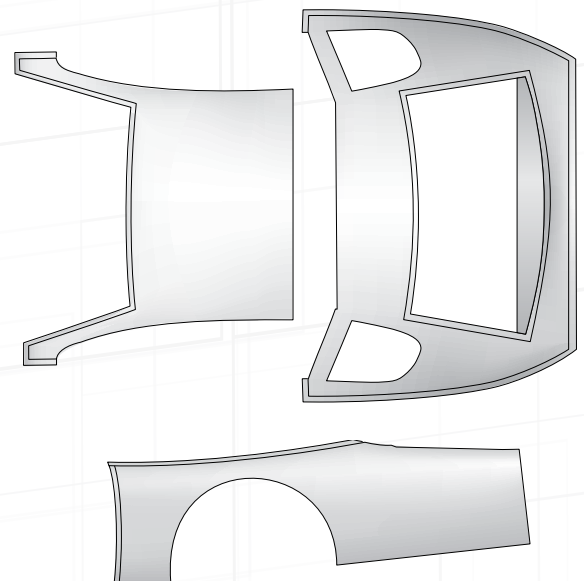

The GREENHOUSE STYLE BODY is very easy to mount! The 2-piece roof configuration offers several benefits over the traditional roof style. It's the only body to offer molded plastic quarter panels for the ULTIMATE DURABILITY & EQUAL AERODYNAMIC PERFORMANCE!

This 2-piece roof configuration offers several benefits over the traditional roof style and features mounting flanges with built in locating tabs to speed up mounting.

The rear greenhouse section is a unique configuration that includes integrated side window panels and a deck lid filler panel. The greenhouse body was designed to make quarter panel replacement quick and easy. Rear window installation is hassle free and the rear package tray makes mounting your interior panels a snap!

The greenhouse will fit all templates without hassle if mounted to proper height dimensions. Mount your own body using our Roof Locating Fixture for ease of installation in your own shop!

"You won't find a better quality body!" -- BUBBA POLLARD

ABC TRADITIONAL ROOF STYLE BODY

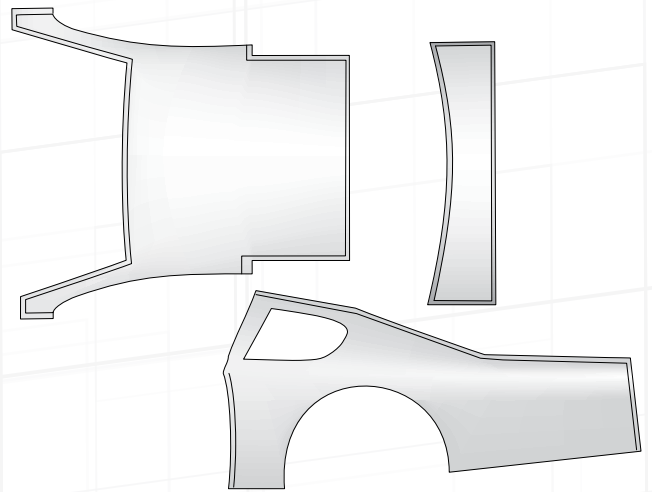

This is the ORIGINAL BODY CONFIGURATION. Many racers still prefer this style. The choice is yours! This body has a 1-piece roof with full quarter panels & a separate deck lid filler.

This body can be easily mounted to fit different applications! It has a 1-piece roof with separate full quarter panels and a deck lid filler. It will come close to fitting all templates without hassle if mounted to proper height dimensions.

Mount your own body using our Roof Locating Fixture for ease of installation in your own shop!

CHASSIS	ROOF HEIGHT	TREAD WIDTH	WHEELBASE
Offset/Straight Rail	47"	66" max	101-108"

Go to our downloads page at FIVESTARBODIES.com for complete body installation guidelines.

PHILLIP MORRIS
LATE MODEL STOCK CAR CHAMPION

LATE MODEL STOCK CAR BODIES

THE EASIEST LMSC BODY TO INSTALL. The 2-piece roof configuration offers several benefits over other styles. The only Late Model Stock body to offer optional High-Impact Molded Plastic Quarter Panels for the ultimate durability!

The 2-piece configuration features mounting flanges with built in locating tabs to speed up mounting. The greenhouse will fit all templates without hassle if mounted to proper height dimensions.

The rear greenhouse section is a unique configuration that includes integrated side window panels and deck lid filler panel. Rear window installation is quick and hassle free!

This is the only Late Model Stock body to feature optional High-Impact Molded Plastic Quarter Panels for superior durability. They have a longer life than fiberglass with equal aerodynamic performance.

Mount your own body using our Roof Locating Fixture for ease of installation in your own shop!

RYAN GUTKNECHT

S2 SPORTSMAN BODIES

This body features molded plastic quarter panels for the ultimate durability. They are available in Sportsman and NASCAR Toyota Series configurations and are flange-fit for ease of installation! This body is WIND TUNNEL TESTED for superior AERO balance!

This is the EASIEST SPORTSMAN BODY TO INSTALL! The 2-piece roof configuration offers many benefits over other styles of bodies. It features mounting flanges with built-in locating tabs to speed up mounting. The greenhouse will fit all templates without hassle if mounted to proper height dimensions.

The rear greenhouse section is a unique configuration that includes integrated side window panels and a deck lid filler panel. Rear window installation is quick and hassle free!

This body features High-Impact Molded Plastic Quarter Panels for superior durability. These quarter panels have a longer life than fiberglass with equal aerodynamic performance!

Mount your own body using our Roof Locating Fixture for ease of installation in your own shop!

CHASSIS	ROOF HEIGHT	TREAD WIDTH	WHEELBASE
Common Metric Style Street Stock/Sportsman	51"	62" with 8" tires	up to 108"

DONNIE HAMRAC

PAVEMENT MODIFIED BODIES

A body designed to fully maximize aerodynamics from front to rear! These bodies are light weight and economical with an Aerodynamically superior Roof, Nose and Hood DESIGNED FOR MAXIMUM FRONT & REAR DOWNFORCE BALANCE!

The Pavement Modified "Muscle Car" fashioned roof has built in Vortex Generators to enhance airflow. The hood design "tunnels" air effectively, preventing it from spilling off the sides.

Mount our high-impact molded plastic rear wheel flares to enhance aerodynamics and to add rigidity to the side of the body and protect your tires from being cut!

This universal design fits most short track Modified chassis legal in all major Modified racing series.

FRONT & REAR OVERHANGS	ROOF HEIGHT	FRONT DOOR HEIGHT	REAR QTR PANEL HEIGHT	OUTSIDE TO OUTSIDE OF BODY
Front: 42" max Rear: 48"	44"	30" min	36" max	66" max

DIRT LATE MODEL BODY PANELS & COMPONENTS

The MD in MD3 stands for **MAXIMUM DOWNFORCE!** Every curve and angle on our Noses, Fenders, Valances, Roofs and Hoods are designed to provide usable downforce for your car! MD3 products are proven to be the most durable, cost-effective materials for racers!

FITS MOST CURRENT BUMPER CONFIGURATIONS

AVAILABLE IN (6) COLORS: **-B** **-W** **-CB** **-OR** **-R** **-LY**

Right Fender has more clearance for tire travel to allow for lower mounting height.

Lower Fenders are separate for improved fit, have a tapered valance built-in and are thicker for improved durability.

Lower Aero Valance (below the nose) is tapered and is thicker for improved durability.

2-PIECE UPPER & LOWER FENDERS ALLOWS FOR EXACT GROUND HEIGHT ADJUSTMENT!

THE PROVEN-BEST BODY PANELS IN ALL DIRT RACING!

FIND MORE INFO ON OUR PREMIUM BODY MATERIALS // PG 4-7!

MD3 DIRT LATE MODEL COMPONENTS

THE CHOICE FOR RACE AND CHAMPIONSHIP WINNING DRIVERS!

HIGH-IMPACT MOLDED PLASTIC LOWER NOSE SUPPORT

- Install this light weight brace to connect the lower section of the nose to the bumper bar
- Fits either side; mounts between the front nose piece and front bumper

PART # (-x = color)	DESCRIPTION	RACER
32003-410-1	Black	\$33

ADVANCED LIGHTWEIGHT COMPOSITE HOOD

SHAPED FOR PEAK AERO PERFORMANCE

- Requires no support bracing and holds shape at all speeds
- Only weighs 5.7lbs!
- Slightly oversized and can be cut down to fit your application
- Tremendous shear (tear) resistance
- Available in (5) colors **-B** **-CB** **-R** **-W** **-Y**

PART # (-x = color)	DESCRIPTION	RACER
32003-33512-x	Blue, Red, Yellow	\$360
32003-33512-x	Black, White	\$340

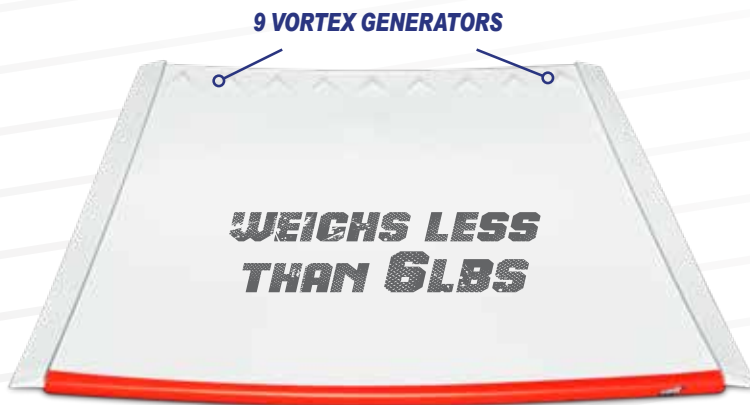

ADVANCED LIGHTWEIGHT COMPOSITE ROOF

USED BY TOP RACERS NATIONWIDE!

- Aerodynamically designed to maximize airflow & direct air to the spoiler!
- 48" wide x 44" long, minimal bracing required
- No "ribs" for minimum aero drag
- Meets all sanctioning rules
- Available in (5) colors **-B** **-CB** **-R** **-W** **-Y**
- Includes (1) Molded Plastic Roof Cap (specify color)

PART # (-x = color)	DESCRIPTION	RACER
006-5101L-x	Roof, Dirt Late Model	\$344

*Yellow composite body panels may be special order parts, contact Five Star for availability.

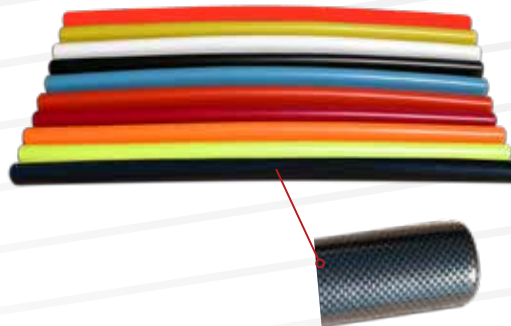

HIGH-IMPACT MOLDED PLASTIC PROTECTIVE ROOF CAPS

➤ **ONLY WEIGHS 8 OUNCES!**

- Ultra durable to withstand flying debris
- Replacements can be purchased separately
- Available in (10) colors, including a carbon fiber look (appearance of carbon fiber, at a fraction of the cost!)

-B -CB -R -W -Y -FG -FO -FR -FY -O -CF

PART # (-x = color)	DESCRIPTION	RACER
006-500-x	Roof Cap	\$25
006-500-CF	Roof Cap (carbon fiber look)	\$29

HIGH-IMPACT MOLDED PLASTIC ROCKER PANELS & WHEEL FLARES

THESE INTER-CONNECTING PIECES ENHANCE DOWNFORCE AND SIDE FORCE WHILE ALSO ADDING RIGIDITY TO THE SIDES OF THE BODY!

- Easy to mount!
- Available in (10) colors!

-B -CB -R -W -Y -FG -FO -FR -FY -O

➤ **WHEEL FLARES:**

- Prevent tires from being cut by aluminum body panels
- (3) flares needed per side to complete installation
- Inset wheel flares fit around the full rear wheel opening

ROCKER PANELS:

- Aerodynamically designed for the best side force
- Adds structural integrity to side body panels
- (3) rockers complete the installation (fit either side):
(1) rocker between front & rear wheel flares, 1/2-piece behind rear wheel flare

PART # (-x = color)	DESCRIPTION	RACER
007-2615-x	Kit: (3) Rockers, (6) Flares	\$183
007-5500-x	Rocker Panel	\$33
007-261-xLorR	Wheel Flares (3-piece set)	\$42

DIRT MODIFIED BODY PANELS & COMPONENTS

The MD in MD3 stands for **MAXIMUM DOWNFORCE!** Every curve and angle on our panels & components is designed to provide usable downforce for your car!

All MD3 body panels and components are designed and engineered for **HIGH-PERFORMANCE, MAXIMUM DOWNFORCE, GREAT-STYLE** and are proven to be the most durable, cost-effective materials for racers.

Our High-Impact Molded Plastic panels have engineered high elongation which provides superior flexibility while maintaining structural integrity when hit! Advanced Lightweight Composite panels are very close to a carbon fiber blend in strength and weight, without the added costs!

Lightweight-construction, durability, and ease of installation make MD3 panels a must have for your Modified!

**THE PROVEN BEST BODY PANELS
IN ALL DIRT RACING!**

OFTEN IMITATED... NEVER EQUALED!

FIND MORE INFO ON OUR PREMIUM BODY MATERIALS // PG 4-7!

APPROVED FOR USE IN:

AND MOST MODIFIED RACING SANCTIONS NATIONWIDE

NOSE & AERO VALANCE OPTIONS

ENHANCE AERODYNAMICS!

MOLDED HIGH-IMPACT PLASTIC LOWER AERO VALANCE

DESIGNED TO ENHANCE AERODYNAMICS, DURABILITY AND STRUCTURE TO THE NOSE!

- ▶ Light weight, ultra durable high-impact molded plastic construction
- ▶ Universal fit for modified aluminum noses up to 45" wide (**NOT FOR USE WITH PLASTIC NOSE**)
- ▶ Adjustable front overhang up to 42"
- ▶ Can be mounted for desired ground clearance
- ▶ Available in (10) colors! **-B -CB -R -W -Y -FG -FO -FR -FY -O**
- ▶ Legal for use in all major Modified racing sanctions nationwide

PART # (-x = color)	DESCRIPTION	RACER
3022-417-x	Aero Valance	\$69

Adjustable 3-piece assembly with overlapping flanges that fit together perfectly making it easy to install!

MOLDED HIGH-IMPACT PLASTIC NOSE

3-PIECE DESIGN IS A UNIVERSAL FIT FOR MOST MODIFIED APPLICATIONS!

- ▶ Adjustable front overhang up to 42"
- ▶ Fits frame stub width up to 42"
- ▶ Mounts between external front bumper and frame stub
- ▶ Trim to fit around your suspension components
- ▶ IMCA, USMTS & USRA legal
- ▶ Available in (6) colors! **-B -W -CB -R -Y -O**

PART # (-x = color)	DESCRIPTION	RACER
020-410-x	Nose, plastic, complete	\$169

DIRT MODIFIED BODY COMPONENTS

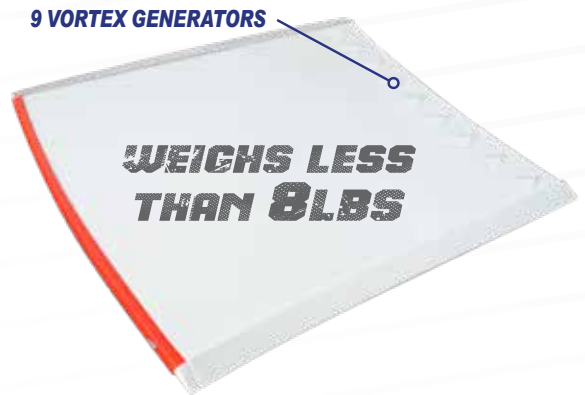

THE PROVEN BEST BODY PANELS IN ALL DIRT RACING!

ADVANCED LIGHTWEIGHT COMPOSITE ROOF

USED BY TOP RACERS NATIONWIDE!

- Aerodynamically designed to maximize airflow directing air to spoiler!
- No "ribs" for minimum aero drag
- Built to the specified maximum allowable size currently enforced by most rule associations: 52" wide x 56" long
- Available in (5) colors **-B** **-CB** **-R** **-W** **-Y**
- Includes (1) Molded Plastic Roof Cap (specify color)

PART # (-x = color)	DESCRIPTION	RACER
3022-51112-x	Roof, Dirt Modified	\$408

HIGH-IMPACT MOLDED PLASTIC PROTECTIVE ROOF CAPS

➤ ONLY WEIGHS 8 OUNCES!

- Ultra durable to withstand flying debris
- Replacements can be purchased separately
- Available in (10) colors, including a carbon fiber look (appearance of carbon fiber, at a fraction of the cost!)

-B **-CB** **-R** **-W** **-Y** **-FG** **-FO** **-FR** **-FY** **-O** **-CF**

PART # (-x = color)	DESCRIPTION	RACER
006-500-x	Roof Cap	\$25
006-500-CF	Roof Cap (carbon fiber look)	\$29

HIGH-IMPACT MOLDED PLASTIC ROCKER PANELS & WHEEL FLARES

THESE INTER-CONNECTING PIECES ENHANCE DOWNFORCE AND SIDE FORCE

- Easy to mount!
- Available in (10) colors!

-B **-CB** **-R** **-W** **-Y** **-FG** **-FO** **-FR** **-FY** **-O**

WHEEL FLARES:

- Prevent tires from being cut by aluminum body panels
- (2) flares for needed per side complete installation
- Inset wheel flares fit around the full rear wheel opening

ROCKER PANELS:

- Aerodynamically designed for the best side force
- Adds structural integrity to side body panels
- (3) rockers complete the installation (fit either side): (1) rocker between front and rear wheel flares, 1/2-piece behind rear wheel flare

PART # (-x = color)	DESCRIPTION	RACER
007-2615-x	Kit: (3) Rockers, (4) Flares	\$183
007-5500-x	Rocker Panel	\$33
007-261-xLorR	Wheel Flares (3-piece set)	\$42

*Yellow composite body panels may be special order parts, contact Five Star for availability.

MOLDED PLASTIC HOOD SCOOPS

- Sleek aerodynamic designs provides maximum air filter protection!
- Available in 3" and 5" tall versions
- Available in (5) colors, including a carbon fiber look (appearance of carbon fiber, at a fraction of the cost!)

PART # (-x = color)	DESCRIPTION	RACER
040-4113-x	5" tall, flat	\$53
040-4115-x	3" tall, flat	\$53

Flat Scoop, 3" Tall

Flat Scoop, 5" Tall

MOLDED PLASTIC AIR DEFLECTORS

- Sleek aerodynamic designs provides maximum air filter protection!
- Available in 3" and 5" tall versions
- Available in (5) colors, including a carbon fiber look (appearance of carbon fiber, at a fraction of the cost!)

PART # (-x = color)	DESCRIPTION	RACER
040-4100-x	3" tall, curved	\$36
040-4101-x	5" tall, curved	\$36

Deflector, 3" Tall

Deflector, 5" Tall

MOLDED PLASTIC COCKPIT DEFLECTOR

- 3.5" tall high-impact molded plastic deflector
- Available in (5) colors, including a carbon fiber look (appearance of carbon fiber, at a fraction of the cost!)

- 3" & 4" tall clear (-CLR) or tinted (-TNT) polycarbonate extension piece is sold separately (adds more height, with minimal visual obstruction)

PART # (-x = color)	DESCRIPTION	RACER
040-4106-x	Deflector, plastic	\$64
040-4107-x	Deflector Extension, 3" poly	\$41
040-4108-x	Deflector Extension, 4" poly	\$47

MOLDED PLASTIC OIL COOLER SCOOP

- Sleek aerodynamic designs provides maximum air filter protection!
- Can be mounted forward or backward
- 7¾" wide, 13¼" long and 3.5" high
- Available in (5) colors, including a carbon fiber look (appearance of carbon fiber, at a fraction of the cost!)

PART # (-x = color)	DESCRIPTION	RACER
040-4105-x	3" tall	\$32

ROAD RACING BODIES

These bodies were designed and built with maximum performance in mind! Made from our EXCLUSIVE ADVANCED LIGHTWEIGHT COMPOSITE & ULTRAGLASS, laminate blends which make the STRONGEST, LIGHTEST WEIGHT PANELS WITHOUT COMPROMISING RIGIDITY.

APPROVED
FOR USE
IN:

Trans Am
AMERICA'S ROAD RACING SERIES
TA2 CLASS

AERODYNAMIC > LIGHT WEIGHT > DURABLE

- » Lighter than their predecessors, yet substantially stronger and more durable
- » More resistant to regular wear and tear over the course of the season, with the end goal of reducing a team's net annual bodywork expense
- » Withstands impact under normal racing conditions and will not leave debris on the track

WILL CUT LABOR COSTS & INSTALL TIME!

- » Installation of these updated bodies is vastly improved, reducing install time and making it easier to perform any necessary repairs!

**THE ABSOLUTE STRONGEST,
LIGHTEST WEIGHT BODIES!**

PANELS MADE OF EXCLUSIVE ADVANCED LIGHTWEIGHT
COMPOSITE & ULTRAGLASS!

RACING WINDOWS OPTIONS

EXPLORE OUR FULL SELECTION OF RACING WINDOW OPTIONS

WE OFFER MORE OPTIONS THAN ANYBODY ELSE TO BUILD THE PERFECT WINDOW FOR YOUR BUDGET!

FULL LIST OF OPTIONS

MATERIAL

- Monolithic Polycarbonate (Standard)
- Five Star SafeGuard Laminated Polycarbonate

THICKNESS

- 0.093" ➤ 0.118" (1/8") ➤ 3/16" (0.177") ➤ 1/4" (0.236")

COATING

- Mar-Resistant Coated
- Un-Coated (Economy)

CUT

- **OVERSIZE:** Cut 2-inches larger than the window frame; may require cutting, trimming, beveling and drilling.
- **PRE-CUT TO FIT:** Straight-cut to fit exactly into the window frame.

EDGE TREATMENT

- Edges are machine beveled and will fit exactly into the window frame.

INSTALLATION OPTIONS

- **DRILLED:** Installation holes are pre-drilled.
- **COUNTERSUNK:** Installation holes are pre-drilled and countersunk

BLACKED-OUT BORDER

- Professional appearance is printed with ultra-durable, high-quality, scratch-resistant and non-flaking permanent ink.
- Blacked-out Borders are available on custom formed windows for higher-quantity production runs only. Call Customer Service for details.

NOTE: All options are not available on all windows.

DRILLED & COUNTER SUNK

MACHINE BEVELED ALONG EDGES

.093", .118", .177", .236"

MULTIPLE THICKNESSES

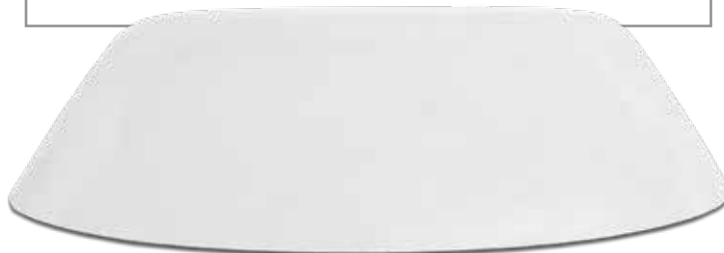

BLACKED-OUT BORDER

COATED WINDOWS LAST LONGER!

YOU'RE NOT SAVING MONEY WHEN YOUR WINDOWS DON'T LAST LONG...

- Uncoated polycarbonate offers no protection against scratching, and cleaning an uncoated window can cause scratch marks that affect visibility!

**IF WE DON'T HAVE YOUR WINDOW...
GET ONE CUSTOM MADE!**

**MEASURING FOR
YOUR CUSTOM WINDOW:**

**THESE TWO MEASUREMENTS
ARE NEEDED TO DETERMINE
WHICH SHEET TO PURCHASE:**

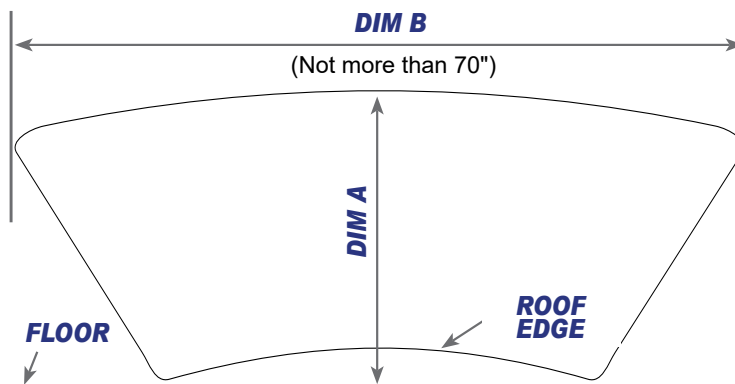

► **DIM A: THE HEIGHT:** Place your window on end upon a level space with the roof edge down. Measure (DIM A), from the floor to the highest point.

► **DIM B: THE WIDTH:** Measure across the widest point (DIM B) to be sure that the width does not exceed 70".

► If DIM A is less than 39" use Sheet #1

► If DIM A is 39-47" use Sheet #2

► Oversized molded sheets are typically 1½" larger than stock (you cut it to fit)

CUSTOM MOLDED WINDOW PRICING

MATERIAL	THICKNESS	SHEET #	
		DIM A (UP TO 39")	DIM A (39"- 47")
Uncoated	.093"	\$144	\$162
Mar-resistant Coated	.093"	\$258	\$295
Uncoated	.118" (1/8")	n/a	\$205
Mar-resistant Coated	.118" (1/8")	\$287	\$325
Mar-resistant Coated	.177" (3/16")	\$344	\$376
Mar-resistant Coated	.236" (1/4")	\$413	\$501

- Prices on this chart include all forming costs. **THESE ARE NOT FLAT SHEETS!**
- Contact a Five Star Customer Service Rep for complete ordering information to determine whether or not factory glass is needed for forming purposes.

POLYCARBONATE FLAT SHEETS

**TOP QUALITY POLYCARBONATE,
AT AFFORDABLE PRICES!**

SUPPORT YOUR BODY PANELS WITH THESE GREAT UNIVERSAL BODY BRACING

LIGHTWEIGHT

HIGH-IMPACT MOLDED PLASTIC MD3 BODY BRACES

- These light weight high-impact plastic braces support body panels, and retain spring like flexibility when hit!
- Each brace weighs only 7oz!
- Constructed of the same high-quality plastic as our MD3 Noses
- 1¼" wide x 36" long x 0.30" thick - trim to fit your needs!

PART #		RACER
040-8000	Body Brace, black	\$8
040-8000-8	Body Brace, black, pkg of 8	\$43

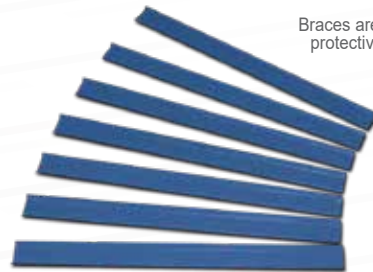

LIGHTWEIGHT

POLYCARBONATE BODY BRACES

STIFF ENOUGH TO SUPPORT BODY PANELS, YET RETAINS SPRING-LIKE FLEXIBLY IF HIT!!

- Includes: (7) clear polycarbonate braces, 2½" x 27" each, (14) 1" x 2" aluminum mounting tabs
- Enough braces to complete one car!
- Complete set weighs less than 3 lbs!

PART #		RACER
804	Body Brace, polycarbonate	\$30

Braces are shown with protective masking.

LIGHTWEIGHT

ADJUSTABLE BODY BRACES

USE TO SUPPORT ROOF, DECK LID FILLER, QUARTER PANELS, SPOILER & MORE!

- Allows fine adjustments to panels to meet templates & critical dimensions
- Newly improved ends are shaped to allow ease of installation of rivets!
- Light weight, ultra-strong with anodized finish & cadmium hardware
- Adjustable: 8" to 10½"
- Package of 2 weighs only 1/2 lb!

PART #		RACER
807-3	pkg of 2	\$35

LIGHTWEIGHT ALUMINUM NOSE FLAP BRACES

62% LIGHTER THAN OTHER BRANDS, AND LESS THAN HALF THE PRICE!

- CNC-Laser Cut Aluminum
- Pre-drilled for riveting to nose and for mounting body bracing
- Both braces work great with Five Star's Telescoping Body Brace Kit (PN 860)
- Each pair weighs less than a pound!

LONG NOSE FLAP BRACES

- Mount to inside of wear strips with Five Star's Wear Strip Attaching Kit (PN 000-400K)

SHORT NOSE FLAP BRACES

- Mount vertically on nose flap

PART #		RACER
000-500	long, pair	\$39

FITS THESE BODY STYLES: ABC, LMSC, Short Track Truck, Fiberglass Sportsman, Straight-up Metal, Dirt Grand National

11002-75333	short, pair	\$13.50
-------------	-------------	---------

FITS THESE BODY STYLES: New Late Model Body, New Short Track Truck

000-500

11002-75333

LIGHTWEIGHT LOWER NOSE SUPPORT BRACKET

STRENGTHENS AND SUPPORTS LOWER VALANCE FOR OPTIMUM AERO

- Choose from a light weight aluminum or steel bracket
- 2-piece kit contains (2) brackets with (2) pre-welded on mounting tabs for ease of installation

PART #		RACER
11002-75733	aluminum	\$49
11002-75731	steel	\$44

11002-75733 ALUMINUM

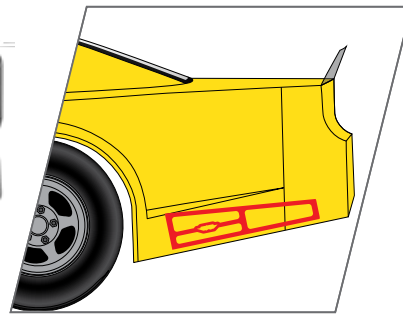

LIGHTWEIGHT ALUMINUM QUARTER PANEL BODY BRACES

STIFFENS FLEXIBLE AREAS OF THE BODY TO MAXIMIZE AIRFLOW AROUND CAR!

- Five Star recommends bracing in this area of the body for tracks 1/2 mile and larger
- Pre-drilled holes in flanges in the necessary locations to mount braces from the chassis (approximately 6" back from wheel opening and 2" up from the bottom ledge)
- Pair weighs less than a pound!!

PART #		RACER
11002-75433	2-piece	\$39

ENHANCE YOUR BODY WITH THESE GREAT BODY ADD-ONS & ACCESSORIES

COWL INDUCTION

COLD AIR BOXES

FLOW BENCH TESTED FOR PEAK AIR FLOW

- Ultra light weight, strong and durable composite construction
- Maximum airflow using air filters as short as 3" without cfm loss
- Increased distributor and under hood clearance
- Fits a standard 14" filter element

4 BARREL AIR BOXES:

- Your choice of (2) angles to ensure a proper level fit on your engine
- These boxes feature a patented machined adapter ring for clean airflow, better fit and durability
- How to determine air box angle option:
 - Set car at proper ride height
 - Place angle finder on carburetor
- 3° Airbox is most commonly used for short track late models

2 BARREL OFFSET AIR BOX:

- Offset (2) barrel air box is for engines with a larger setback
- Designed to position the air filter farther forward for optimal flow without obstructing the cowl opening

PART #		RACER
000-5240	4 barrel, 0° angle (offset)	\$360
000-5243	4 barrel, 3° angle (standard)	\$360
000-5224	2 barrel, standard	\$300
000-5220	2 barrel, offset	\$300

PATENTED FLOW DESIGN

2 BBL AIR BOX DYNO TESTED!

"The results were outstanding! Five Star's latest 2bbl air box was 10HP & 16ft lbs of torque better than the old one!"

-Shane Harding, Harding Motorsports Chassis

Offset air box uses standard round filters

LIGHTWEIGHT COLD AIR BOX REFLECTIVE HEAT SHIELD KIT

REFLECTS AT LEAST 90% OF THE RADIANT HEAT FROM YOUR ENGINE, UP TO 500°F!

- Kit weighs less than 4oz!
- Light-duty reflective film with fiberglass backing for tear-resistance
- Self-adhesive backing: easy to apply and remove
- Cut to fit all air box styles!

PART #		RACER
000-52HS	Kit, 4oz	\$32

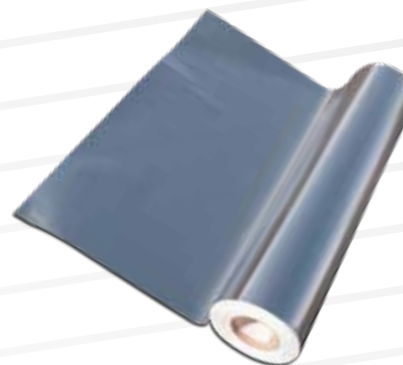

**LIGHTWEIGHT REFLECTIVE
HEAT SHIELD**

REFLECTS AT LEAST 90% OF THE RADIANT HEAT FROM YOUR ENGINE, UP TO 500°F!

- Sold as 27" x 5' lengths
- Weighs less than 3oz per linear foot!
- Light-duty reflective film with fiberglass backing for tear-resistance
- Self-adhesive backing: easy to apply and remove
- Extremely versatile, cut and form to fit your application!
 - Foot Boxes
 - Interiors
 - Fuel Filter Housings
 - Shock Canisters

PART #		RACER
843	24oz bottle	\$8.95
843-8	8oz bottle	\$6.95

DRIVEN RACING OIL SPEED SHIELD

SPRAY & SHINE PROTECTANT

- ▶ Shine your unpainted plastic body panels and components!
- ▶ Formulated to repel dirt, dust and mud while providing a glossy protective finish!
- ▶ Works well on aluminum and on the under-body of your car to keep mud from sticking!

PART #		RACER
00001-84172	12oz can	\$8.99

FIVE STAR PLASTIC PRIMER

PROMOTES PAINT ADHESION TO ALL FIVE STAR PLASTIC COMPONENTS

- Using any other primer will result in flaking or peeling! This is specially formulated for the plastic used in our parts, so before you paint be sure it's Five Star Primer!
- (2) cans = (2) coats on: nose, bumper cover, both fenders, both quarter panels, both rocker panels

PART #		RACER
842	11.3oz can	\$17

FIVE STAR QUICK TIP »

IF YOU ARE GOING TO PAINT YOUR PLASTIC PANELS, YOU MUST USE FIVE STAR PLASTIC PRIMER & NO OTHER!

- There are plenty of primers on the market but the plastic used in our parts is not the same plastic as used elsewhere in the automotive industry.

USING ANY OTHER PRIMER WILL RESULT IN SEVERE PAINT FLAKING!

- So before you paint, be sure you have your Five Star Primer, follow the directions on the can precisely & say goodbye to any paint adhesion problems.

HEAR FROM TOP TEAMS AND WHY THEY CHOOSE FIVE STAR!

Bill Venturini, ARCA Racing Series: Driver- Dalton Sargeant

"We've been using the Five Star composite bodies and we really really like them!! When we are building these cars the composite body makes our job installing them easy! Within 2-3 hours of fabricating you can bolt the body onto the chassis and you are ready to go racing!"

Casey Smith, Southern Super Series Driver

"The main reason I changed to a Five Star Body is the quality and the quick response. When I need something, I know for sure it's going be right!"

Donnie Wilson, Southern Super Series Driver

"The reason I switched to Five Star Bodies is obviously because of the quality and fit of the bodies, and it's NUMBER ONE IN OUR SPORT!"

Nick Egan, Short Track Truck Driver

"Egan Motorsports chooses Five Star Bodies because of their high quality fit and durability. Easy to assemble in the shop, easy to hang new panels mid-season, and always the best looking cars and trucks around."

Alex Crapser, Dirt Street Stock Driver

"Five Star steel street stock bodies are the best appearing 1980s Monte Carlo body. Being able to buy ready to go individual panels saves us a lot of time during the offseason. Every piece fits with the rest of the Five Star pieces, saving a valuable time trying to match up pieces off a car from a junkyard. There is no rust to deal with which saves time fabricating patches. Along with the awesome steel panels, the plastic nose and rear bumper cover are made to take a beating, a necessity in street stock racing."

Robbie Scott, Rocket Chassis: Driver - Josh Richards

"The #1 reason we choose Five Star's MD3 body panels on our Rocket XR1's over all the rest is their unsurpassed durability. Their Rigid Design keeps us ahead of the competition by keeping us in the Race!"

Jeff Burton, Team Owner: Driver - Harrison Burton

"We now buy Five Star Bodies because we like the consistency, we know when parts come in they're going to weigh the same as the part before, one's not heavier than the other one, they all fit the same and that makes the installation so much easier and it saves time!"

Robby Gordon, Stadium Super Truck Series Owner & Driver

"The reason we choose Five Star is for the quality, reliability and consistency and these guys are the best in the business I've seen!"

TERMS & CONDITIONS / SHIPPING

Five Star Race Car Bodies & Components are available throughout North America from our nationwide dealer network. To locate your nearest dealer visit www.FIVESTARBODIES.COM. If there is no dealer in your area, purchases can be made directly from Five Star. If you have any questions, please call us!

TERMS & CONDITIONS

DEALER DIRECT ORDERS: We encourage all customers to buy from our stocking dealers. If the dealer in your area knows the body style you are running, he will stock the items you need. Also, through our dealer incentives, many times he can SAVE you money on shipping charges. Call for the dealer nearest you.

FACTORY ORDERS: Most orders are shipped the same day they are placed. Our telephone hours are 8:00 am to 5:00 pm Central time, Monday through Friday, evenings and weekends by chance. A \$20.⁰⁰ packaging fee will be charged on motor freight orders under \$150.⁰⁰.

SHIPPING: All orders are shipped FCA Five Star Fabricating, Twin Lakes, Wisconsin freight collect. All truck freight orders must be pre-paid with credit card, cashier's check, money order, bank wire or certified check. UPS orders may be pre-paid with VISA, Mastercard, Discover, AMEX or can be shipped COD/cash.

RETURNS: Unused parts may be returned provided the items are in new, undamaged condition (no dents, scrapes, holes drilled, rust, etc.). Returned items must be packaged with care and shipped freight pre-paid to Five Star Fabricating, Inc., 36728 89th Street, Twin Lakes, WI 53181. A 20% re-stocking charge applies on all returns. No returns on special order items.

WARRANTY: Due to the intended use of these products in racing, Five Star Fabricating, Inc. makes no statement of warranty or guarantee, written or oral, expressed or implied. Once the part is installed, the purchaser must assume all responsibility arising from malfunction, damage or misuse. No employee or officer of Five Star Fabricating, Inc. or its distributors has any authority to make statements contrary to these terms and conditions.

PAYMENT OPTIONS

PAYMENT BY CREDIT CARD: Five Star Fabricating, Inc. accepts VISA, MasterCard, Discover and American Express. Your credit card will be billed for the full amount of the order upon receipt and will ship immediately. All orders shipped other than UPS Ground Services must be pre-paid in this manner.

PAYMENT BY CASHIER'S CHECK/MONEY ORDER: Five Star Fabricating, Inc. accepts Cashier's Checks and Money Orders from any US-based bank. Your order will ship immediately following our receipt of your payment. We do not accept personal or company checks under any circumstances.

UPS SHIPPING

Most component and accessory orders can be shipped via UPS. These items include (but are not limited to) noses, bumper covers, aluminum & steel doors, spoilers, formed steel bumpers, installation kits and rivets.

UPS SHIPPING CONT.

UPS GROUND: Shipments sent via UPS Ground will deliver before the end of the business day by a time pre-determined by your zip code. This varies from one to five business days. Please contact our Customer Service Department for actual UPS shipping time.

UPS NEXT DAY AIR: Shipments sent via UPS Next Day Air will deliver before the end of the next business day following shipment.

UPS NEXT DAY AIR SATURDAY DELIVERY: Shipments sent via UPS Next Day Air Saturday Delivery will deliver by 3:30 pm (ET) Saturday.

UPS SECOND DAY: Shipments sent via UPS Second Day will deliver before the end of the second business day following shipment.

UPS THREE DAY SELECT: Shipments sent via UPS Three Day Select will deliver before the end of the third business day following shipment.

AIR SHIPPING

Five Star Fabricating, Inc. uses dimensional shipping weight on all air shipments which many times varies from actual component weight. Due to the extreme costs associated with shipping items by air, we encourage you to plan accordingly when ordering components for your car. Please contact our Customer Service Department with inquiries regarding your special shipping requirements.

TRUCK SHIPPING

Orders too large, too heavy or requiring shipment in three or more boxes must be shipped via truck freight. These parts include (but are not limited to) complete bodies, hoods, roofs, quarter panels and some fenders.

All truck orders must be shipped to a commercial address. Residential deliveries will incur a minimum \$45.00 surcharge. Residential address implies that there is a home on the property which is, therefore, not zoned as a business.

Truck shipping times vary with delivery location and carrier. Due to the expense of truck shipping, it is imperative that you plan accordingly when purchasing components for your car.

NOTE: Five Star Fabricating, Inc. uses actual shipping weight on all truck shipments which many times varies from actual component weight. Please contact our Customer Service Department for inquiries regarding truck shipments.

NOTE: PRICING SUBJECT TO CHANGE WITHOUT NOTICE.
